About Transflo

Transflo® from Pegasus TransTech is a digital platform solutions provider with leading mobile, telematics, and business process automation in the transportation industry in the United States and Canada. Transflo's digital ecosystem uses mobile and cloud-based technology to deliver real-time communications to fleets, brokers, and commercial vehicle drivers, and digitize 500 million shipping documents a year, representing approximately \$84 billion in freight invoices. Organizations throughout the Transflo client and partner network use the digital solution suite to increase efficiency, improve cash flow and reduce costs. Headquartered in Tampa, Florida, USA, Transflo is setting the pace for innovation in transportation software. For more information, visit transflo.com.
